PROFESSIONAL PROFILE

I am a front-end developer with 4+ years of hands on experience. I am experienced working with teams to produce impactful, leading-edge websites that engage customers and deliver business results. Well-versed in design standards and user preferences.

WORK EXPERIENCE

Front-end developer at 365Solutions

January 2019-Present

- Plan and design the structure of web application pages
- Creating the UI/UX using Angular and React
- Develop website and web-applications features that enhance user experience
- Produced websites compatible with multiple browsers.
- Tested web-based product functionality and delivered iterations to customer.
- Transformed native applications into mobile-friendly products
- Test websites during the development process for usability and fixing bugs
- Ensuring that websites and web-applications are free from errors and bugs.
- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices
- Participated in a scrum development process to deliver new features on time and within scope of each sprint.
- Provided technical support for existing web applications including troubleshooting bugs and providing solutions.
- Auth0 integration for identity management

Web developer at SD Technologies

May 2017- October 2018

- Wrote code to develop web applications using HTML, CSS, JavaScript, and Angular
- Tested code across multiple browsers and devices to ensure compatibility and address any issues.
- Updated and maintained existing websites as needed.

EDUCATION & CERTIFICATION

University Of South Africa, Present (Part-time)
- I am currently a student studying for a bachelor's degree in Computer Science

Microsoft Certificate (MCID :15150503)
- Programming in HTML5 with JavaScript and CSS3
